- NOAA Fisheries Service invites you to participate in a meeting about the draft SONCC Coho Salmon recovery plan, where you can hear an overview of the plan, ask questions, and offer comments.
- The ability to implement a plan that will recover and protect the species is in the hands of all who inhabit this region, hence public input on the plan is essential to success.
- Electronic copies of the Draft Plan, as well as Frequently Asked Questions, are available at <http://swr.nmfs.noaa.gov/recovery>.
- A hard copy of the entire plan, and a CD copy of the plan, will be available for review at the reference desk of the Siskiyou County Library, Yreka Branch (719 4th Street, Yreka, CA 96097).

Address **810 S Oregon St**
